Dear Mr. Daines,

**Re: Resurfacing of Cherry Hinton Hall Duck Pond area**

Thank you for your letter dated 9th November regarding the area to the front of the duck pond at Cherry Hinton Hall.

I have spoken with both Ian Ross (Recreation Services Manager) and Anthony French (Green Space Officer) who have been discussing the possibilities for re-surfacing the whole area as one scheme.

This is a fairly large project and unfortunately the costs involved prohibit the work being carried out immediately from our existing maintenance budgets. A bid has therefore been put forward for section 106 monies and members have agreed the funding in principle subject to a full project appraisal. This appraisal is currently being carried out by Declan O' Halloran, a member of Ian's team. The project would include not only the surface itself but also the street furniture that is also in need of replacement.

I have asked Declan to contact the friends group as part of the appraisal process so that the group is able to input and agree a final scheme prior to approval.

As this work will need to be prioritised during 2010 I have asked that a small amount of the maintenance money be used to address the areas of standing water in the picture provided before the Christmas holidays.

Yours sincerely

**Debbie Kaye**
